In Brynmill, Uplands, Mount Pleasant and Sandfields the collection day is **Wednesday**. Use the calendar above to keep track of your collection week.

Place bags and bins out on the kerbside **after** 7pm Tuesday evening ready for collection Wednesday morning. Take reusable containers back in ASAP after emptying.

You can collect replacement recycling bags and kit from University campuses and many local shops. See a full list of locations at www.swansea.gov.uk/morebags

If your bag is left uncollected by the crew you have made a mistake. Remove the bag from the kerbside to store or sort as needed or you could receive a **fixed penalty notice of £100**.

Black bags are for non-recyclable waste only! You must take care to recycle all accepted items correctly to manage your waste effectively and keep your garden and street tidy.
